Member

OTHER LEADERSHIP INVOLVEMENT

23. Describe achievements and/or contributions to the field of medical practice management.

- I earned by CMPE last year and my goal is to pursue the Fellow designation.
- Successfully transitioned my practice to a new Practice Management system as well as a new EHR.
- Opened a 4 bed sleep lab for my practice as well as successfully received accreditation for 2 sleep labs with the American Academy of Sleep Medicine.
- Worked to improve several processes within my practice that ultimately increased patient throughput and increased revenue.

24. Involvement with charitable organizations: Describe achievements and/or contributions to charitable organizations. Include leadership positions held, honors and awards received. Please list dates.

- I participated in SCMGMA Lexington Chapter's charity golf tournament the last 4 years gathering sponsorships and volunteers (2012 – present).
- Volunteered with Lexington Medical Center's Women of Hope Wine on the River event to raise money for LMC Foundation (2012 – 2016). Also, I was the Volunteer Coordinator for the Wine on the River event (2015 – 2016).
- Led the organization and execution of the Second Annual Integrated Healthcare Symposium in conjunction with the ACHE, HFMA, and SCHA (November 2016).

25. Civic/community activities: Describe achievements and/or contributions to civic and/or community organizations. Include leadership positions held, honors and awards received. Please list dates.

- Volunteer for United Way of the Midlands' SC Mission 2012 & 2013 providing free healthcare services to patients in our community who are uninsured or underserved.
- American Lung Association Fight for Air Climb participant. Led a team composed of my employees and physicians to raise sponsorships and complete the Fight for Air Climb (2013 – 2016).

- Past President of the Citadel Rotaract Club in which hosted several events to raise money for Make-A-Wish Foundation to sponsor a child (2010 – 2011).

26. How do you see yourself accomplishing the mission of the SCMGMA?

SCMGMA's mission is to provide successful communication in healthcare through management and academics. I see myself accomplishing this mission as state treasurer by being transparent with the accounting of the state's books and communicating budget goals and needs to not only the rest of the executive board, but also to the chapters in South Carolina. This happens through the exchange of ideas and being open with your colleagues to work towards one goal. I also plan to accomplish this mission by continuing to participate in our local chapter regularly as well as the state conference(s).

27. What opportunities do you see ahead for SCMGMA?

I see lots of opportunities ahead for SCMGMA. I am excited about the upcoming state conference and I am confident that as an organization that we can grow our state's participation even more than years past. I would love to see some of the smaller chapters become more involved and I think that the executive committee can work to bring them into the fold. The local chapters' success makes the state level successful.

28. Please describe the contribution(s) you could make as an SCMGMA Executive Committee member.

I have knowledge and experience as a treasurer on the local chapter, so I understand the role and responsibilities. I also got our local chapter compliant with reporting taxes to ensure that not only our finances are straight, but that we are in good standing legally. I also feel passionate about SCMGMA. It is an organization that has provided me with lots of knowledge and experiences that I would not have gained otherwise. The exchange of ideas and the community make this industry vibrant and exciting as we all work together!
