26. How do you see yourself accomplishing the mission of the SCMGMA?
I strive daily to provide education for the staff as well as myself. I seek to get others involved with our community and projects that we sponsor. I look for opportunities to enlist other managers to become members. I support our organization with my time and my service.
27. What opportunities do you see ahead for SCMGMA?
As we move forward, healthcare is going to become more difficult. Getting managers involved on the local, state and national level will have to become more creative in order to engage the millennials.
28. Please describe the contribution(s) you could make as an SCMGMA Executive Committee member.
I am very involved on the local chapter level and as president been very involved on the state level with membership chair, state president representative, and participating with the state conference planning. I

strive to attend all the meetings when they are in Columbia and make sure I am on the calls when they are scheduled.
